RE: Correction of message 5343303 dated 12/09/2015 concerning the antidumping duty order on aluminum extrusions from the People's Republic of China (A-570-967)

1. This is a correction to message 5343303, dated 12/09/2015, to correct the subtype of the message in the header and paragraphs 1, 2, 3, 4, 5, 6, 7, of that message.
2. Paragraphs 1, 2, 3, 4, 5, 6, 7, and the header of message 5343303, contain incorrect information about whether the merchandise identified in that message was covered by the scope of the antidumping duty order on aluminum extrusions. The previous instructions should have indicated that the product identified in that message is in scope of the antidumping duty order and the subtype of the message should be "INSCO". Because this is a correction message, we have used "COR" as the subtype for this new message. Below is the fully corrected message.
3. Commerce received a scope ruling request from Delphi Automotive Systems, LLC (Delphi). Commerce issued a final scope determination on 11/24/2015, that Delphi's tube and block assemblies, which Delphi imports, are within the scope of the antidumping duty order on aluminum extrusions from the People's Republic of China (A-570-967).
4. Because the imported product is an aluminum tube and block assemblies for Delphi's automotive heating and cooling systems (also commonly referred to as the heating, ventilation, and air conditioning, "HVAC" systems) composed entirely of extruded aluminum, the "finished goods kit" exclusion does not apply. Therefore, Delphi's tube and block assemblies do not meet the exclusion criteria for finished merchandise or for "finished goods kits," Commerce found this product to be within the scope of the order.
5. Continue to suspend liquidation of entries of aluminum extrusions from the People's Republic of China, including Delphi's tube and block assemblies imported by Delphi described above, subject to the antidumping duty order on aluminum extrusions from the People's Republic of China.
6. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International
Message Date: 01/15/2016 Message Number: 6015307 Page 2 of 4

Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by O6:VC.)

7. There are no restrictions on the release of this information.
